

Russell Hobbs

Autumn/Winter 2021

Feel at home

Russell Hobbs is at the heart of the home. But home isn't just a place. It's a feeling. It's every comforting moment that makes you feel completely at ease, utterly content, totally at home, even when you're not. Our products and the moments they make, give people the power to create and share that warm feeling of home wherever they are. The cosy cuppa that brings a homely feeling rushing back to a motorway worker's heart and fingertips when he gets back home. The homemade cookie that means today's packed lunch transports the little boy from school's dining hall to the kitchen back home. Russell Hobbs helps people create moments that make everyone feel at home.

RUSSELL HOBBS and the RH logo are Registered Trade Marks of Spectrum Brands, Inc., or one of its subsidiaries. All mentioned products and specifications are subject to change. In case of non-availability of any product or item, Spectrum Brands cannot be held responsible. This catalogue is for international use. Some of the products shown may not be available in all countries.

At the heart of your home

In 1952, two men, Bill Russell and Peter Hobbs, joined forces combining their impeccable knowledge and experience of the electrical appliance industry.

In that year, in the heart of England, Russell collaborated with Hobbs bringing together his creative flair with Hobbs' spectacular sales skills, to launch a company that to this day still embodies innovation, leadership, and sheer desirability in a competitive market.

For millions of people, Russell Hobbs has always been at the heart of your home wherever that may be. That's why we continue to put people at the heart of what we do. Through the good days and the bad, your daily tasks and the little moments of relaxation – we're by your side through it all.

We provide the kettle for your coffee and a catch up with friends, the iron that leaves you with a feeling of pride as you walk out of the house in a neatly ironed shirt, the mixer that lets you bond over baking with your little ones and the blender that helps you prepare that special soup that comforts you on even the toughest of days.

We've been there for you from the start and we'll continue to be here for you where we've always been: at the heart of your home.

Indroduction

I am really excited to make the introduction to our Russell Hobbs 2021 range catalogue because it highlights some amazing Hero and Key launches in our new product line up. Building on the success of recent years it is a very positive situation to be growing sales and market share across our region and the enthusiastic response we get to our products gives us great encouragement that our development programme is really being well received in the market. We continue to invest even greater levels of resource into research to understand what consumers really want from the Home Appliance products they are looking for and then we take the research findings to create innovative products that really deliver against the needs highlighted by consumers. To support this approach, I would like to give a special mention to the following Hero and Key launch introductions respectively to our range:

Good to Go Multi-Cooker:
MAKE EVERY DINNER EASY
Roast meats, make risottos, cook all kinds of tasty meals effortlessly in one pot with 8 versatile modes. Make weeknights exciting and special dishes easy. Use this multi cooker for everything, even as a serving dish. Enjoy every mealtime more, especially when you can drop it in the dishwasher to clean up.

2 In 1 Steam Genie: READY FOR ANYTHING
When you're in a rush, quickly tackle creases in your outfit without the ironing board. Steam and press wrinkled delicates, coats, anything ironable in no time at all (even the duvet's cover). Refresh fabrics all around your home. Do the ironing on your terms.

We continue to work as a global organisation to bring the best possible products to the market that offer great performance and quality that means we can continue to grow the business successfully. This is achieved through great teamwork and cooperation between our colleagues all over the world and also incorporates the feedback we get from all forms of communication we receive as this proves to be so valuable. On this point I would be delighted to hear from you with any comments you may have regarding our Home Appliance business as this continues to be of significant importance to our ongoing development.

I hope you enjoy the new range and thank you for the ongoing support.

Tim Wright
Vice President, GM HPC International

Cooking

The sizzle of meat on the griddle; the smell of freshly baked bread; the tenderness of a slow cooked stew – these are true moments to savour. Our appliances perform a range of tasks to make home cooking quicker, easier and tastier than ever. From leisurely cooking at the table with friends to preparing dinner with the click of a button, these stylish and innovative products bring out the simple, everyday joy of food.

GOOD TO GO MULTI-COOKER

Make every dinner easy

Roast meats, make risottos, cook all kinds of tasty meals effortlessly in one pot with 8 versatile modes. Make weeknights exciting and special dishes easy. Use this multi cooker for everything, even as a serving dish. Enjoy every mealtime more, especially when you can drop it in the dishwasher to clean up.

Good To Go Multi-Cooker **NEW**

- Control panel can be removed allowing the user to take cooking vessel to the table as serving dish and allow for easy clean in a dishwasher
- 8 Digital Functions, Sear, Roast, Sous Vide, Slow Cook, Steam, Rice, Boil, Keep Warm
- 6.5L capacity – although a much neater design than the current slow cookers & multi cookers we have in our range
- Digital program & timer
- Sturdy cast aluminum housing
- Tempered glass lid with lid hanger
- Cool touch handles
- 750W

CYCLOFRY PLUS

HEALTHY FRYER

The CycloFry Plus is the perfect appliance for you culinary kings and queens of the kitchen. Designed with variety in mind you can be roasting, frying, grilling and baking all with this one versatile appliance. Whether you're craving a kebab or you need to satisfy your sweet tooth with a cake, this health fryer lets you cook food with all of the flavour and less of the guilt.

CHALKBOARD

SLOW COOKER

The Chalkboard Slowcooker's matte black finish is an exceptionally unique design that will have you scribbling all over it. If you're working late or going out for the night, the 3.5L pot is big enough to feed your whole family and you can leave little loving notes on the side. The Chalkboard Slowcooker means every meal made at home can now be labelled with love.

CycloFry Plus With Accessories

*Any ironable fabric
 **When used between 5-10 second ironing intervals

IMPACT IRON

2400W

Make a dent in your ironing, not your iron

The Impact Iron designed for the drop! Its resilient rubber armour means that the inevitable fall, will not be fatal. The Dura-Coat layer absorbs the shock and repels it, keeping your beloved iron safe. But if strength isn't enough to make you swoon, its precision steam tip also helps to make your life easier, working its way into those awkward corners!

SUPREME STEAM

CORDLESS 2400W

The smart way for hassle-free ironing

The most innovative iron, designed with function as well as form at its heart, with no cords for easy ironing. Sitting in its own smart light ring which acts as a safe and secure base and lights up to let you know about the iron's status in use.

Impact Iron

- Engineered for durability
- Survives a max. 1.2m drop
- 2400W
- 300ml Water Tank Capacity
- 160g/min Shot of steam
- 45g/min Continuous steam
- Dry, steam, spray and burst of steam
- Ceramic soleplate
- Anti-Calc
- Anti-drip function
- Precision steam tip
- 3-way auto shut off
- Vertical steam and self-clean function
- 3m power cord
