

Thank you for buying your new Remington[®] product. Please read these instructions carefully and keep them safe. Remove all packaging before use.

IMPORTANT SAFETY INSTRUCTIONS

Warning – for additional protection the installation of a residual current device (RCD) with a rated residual operating current not exceeding 30mA is advisable in the electrical circuit supplying the bathroom. Ask an electrician for advice.

- 1 This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been supervised/instructed and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be done by children unless they are older than 8 and supervised. Keep the appliance and cable out of reach of children under 8 years.
- 2 Do not immerse the appliance in liquid; do not use it near water in a bath-tub, basin or other vessel; and don't use it outdoors.

- 3 For UK, Household Use Only. Currently, the fitting in a bathroom of an electrical socket suitable or capable of operating the dryer/straightener is not permitted (see BS7671).
- 4 Keep direct airflow away from eyes or other sensitive areas.
- 5 Do not allow any part of the appliance to touch the face, neck or scalp.
- 6 Do not place the appliance on any soft furnishings.
- 7 During use, always ensure the inlet and outlet grilles are not blocked in any way as this will cause the unit to automatically stop. If this should occur, switch off and allow the unit to cool.
- 8 Ensure the inlet grille is free from obstructions such as fluff, loose hair etc.
- 9 Do not leave the appliance unattended while plugged in.
- 10 Do not set the appliance down while still on.
- 11 Do not use attachments other than those we supply.
- 12 Do not twist or kink the cable, or wrap it round the appliance.
- 13 Do not use the appliance if it is damaged or malfunctions.
- 14 Do not use the product with a damaged power cord or plug.
- 15 This appliance is not intended for commercial or salon use.
- 16 Let the appliance cool down before cleaning and storing away.

KEY FEATURES

- 1 1000 Watt power handle
- 2 50mm thermal mixed bristle brush
- 3 40mm thermal mixed bristle brush
- 4 2-way rotation switch
- 5 Speed/heat setting switch
- 6 Cool setting
- 7 Attachment locking ring
- 8 Inlet grill
- 9 Hang up loop
- 10 Swivel cord

PRODUCT FEATURES

- 1000 watts.
- Advanced ceramic coated barrels infused with Keratin micro conditioners.
- 2 speed/heat settings for versatile styling.
- Cool setting to help set your style.

INSTRUCTIONS FOR USE

- 1 Wash and condition your hair as normal.
- 2 Squeeze out excess moisture with a towel and comb through.
- ★ Hairsprays contain flammable material do not use while using this product.
- 3 Select your attachment before you turn on the appliance.
- 4 Attachments can be connected to the power handle by simply aligning the arrows (▽) on the attachment locking ring with channels on around the edge of the power handle and pushing together. Click the attachment locking ring to the left in the direction of the lock arrow (△) to lock into place.
- 5 Plug the product into the mains power supply.
- 6 Dry length and roots partially prior to styling.
- ✤ Tip: for best results aim for 80% dry hair.
- 7 Section the hair prior to styling. Style the lower layers first.
- 8 The 50mm bristle brush adds volume and fullness and is ideal for mid to longer hair.
- 9 The 40mm bristle brush adds root volume and creates loose curls. Ideal for shorter, fine hair.
- 10 To use the rotating function, turn the switch to the right for the brush to rotate clockwise.
- 11 Wrap the bottom of the hair around the brush.
- 12 Turn the rotating switch left to wind hair around the brush, stopping at the roots.
- 13 Turn the rotating switch to the opposite direction to unwind.
- 14 Let the attachments cool before removing.
- 15 To remove attachments, click the attachment locking ring to the right in the direction of the unlock arrow (√(1)) and pull the attachment away from the main housing.
- 16 Add volume to the roots to finish the look.
- 17 After use, turn the appliance off and unplug.

CLEANING AND MAINTENANCE

- Unplug the appliance and allow to cool.
- To maintain peak product performance and to prolong motor life, it is important to regularly remove any dust and dirt from the inlet grill and clean with a soft brush.
- Wipe all the surfaces with a damp cloth.
- Don't use harsh or abrasive cleaning agents or solvents.

ENVIRONMENTAL PROTECTION

To avoid environmental and health problems due to hazardous substances in electrical and electronic goods, appliances marked with this symbol must not be disposed of with unsorted municipal waste, but recovered, reused or recycled.

SERVICE AND GUARANTEE

Defects affecting product functionality appearing within the guarantee period will be corrected by replacement or repair at our option provided the product is used and maintained in accordance with the instructions.

Your statutory rights are not affected.

Consumables are excluded.

Defects from repair by an unauthorized dealer are not covered.

If you call the Service Centre, please have the Model No. to hand, as we won't be able to help you without it. The Model No. can be found on the rating plate of the appliance.

Replacement parts and accessories are available to buy at www.remington.co.uk/parts-accessories
