ABOUT ATTENTIV KETTLE

Attentiv Kettle

RHK800

RRP: \$169.95

If you think all a kettle does is boil water, think again.

Our Attentiv Kettle is packed with technology that puts you in control. Because you can choose to heat water from 40°C to 100°C, you get the optimum temperature for your perfect brew. There's even a removable tea infuser basket, allowing you and your family to enjoy a variety of tea types.

TEA JUST RIGHT FOR YOU

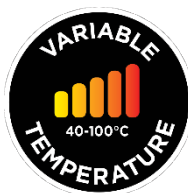

The Removable Infuser Basket allows you to infuse loose leaf tea inside the kettle itself which is ideal if you don't have a teapot to hand. Use with the Steep Timer so you can time infusions to achieve your perfect cup of tea for you!

Top Tip

You must first heat your water to your desired temperature before putting the infuser & tea leaves into the kettle. See our Temperature Guide in the instruction booklet for details on temperature and brew time for different teas.

FEATURES & BENEFITS

Variable Temperature

Set the water to stop heating from 40°C up to 100°C to meet your requirements.

Removable Infuser Basket

Drop any loose-leaf tea into the basket and pop it straight in the kettle to infuse.

Touch Screen Control

An easy to clean touch screen interface means you're in control of settings.

Steep Timer & Keep Warm Timer

The Steep Timer tailors the brew time so you can achieve the perfect cup of tea for you. The Keep Warm timer maintains its temperature for up to 40 minutes.

1.7L Capacity

1.7L capacity without the tea infuser. If using the tea infuser only fill it up to 1.5L, this allows room for infuser and contents.

2 Year Warranty

ABOUT ATTENTIV 2 SLICE TOASTER

Attentiv 2 Slice Toaster

RHT802

RRP: \$149.95

Not all bread toasts equally. Bread type, moisture content, thickness, gluten content, and freshness can all affect the level of toasting it needs which can be a hassle if the browning level matters to you.

Our expert Colour Sense technology* automatically adapts the toasting time to your bread type, stopping the toasting cycle when the correct shade is achieved. All you need to do is choose your preferred browning level and let unsatisfying toast become a thing of the past.

WHAT IS COLOUR SENSE TECHNOLOGY*?

Traditional toasters heat the bread for a fixed length of time then eject it. Increasing the time results in browner or darker toast. Things like the bread's moisture content, its age, thickness, surface texture or if your toaster is hot from a previous toasting cycle can cause the toast to be over or under done.

Our Colour Sense technology* continuously reads the surface temperature of the bread during toasting. Bread surface temperature is linked to toast shade so when the bread reaches your desired shade, the toaster will end the toasting cycle.

FEATURES & BENEFITS

Colour Sense technology*

Monitors bread type, moisture content, gluten content, thickness, freshness and more, and adjusts the toasting cycle to ensure every slice is toasted to your preferred level of browning.

Touch Screen Control

An easy to clean touch screen means you can input your preferred shade before you start the cycle.

Removable Crumb Tray

Catches the tiniest crumbs to keep your work-top clear and your kitchen mess-free. It's easy to slide out and empty too.

Long and Wide Slots

Evenly browns large and small slices, thin breads or thicker bagels.

High Lift

A little extra lift for easily retrieving smaller breads to avoid burning your fingertips.

2 Year Warranty

*When compared with standard toasting technology

ABOUT ADDISON KETTLE

The Russell Hobbs Addison Digital Kettle in an on-trend matte black or classic brushed stainless steel finish is a highly functional addition to your kitchen, that allows you to brew your favourite tea and coffee to perfection.

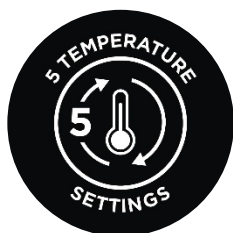

With five variable temperatures and a keep warm function, the Russell Hobbs Digital Kettle will allow you to enjoy the perfect cuppa any time of the day

Addison Kettle

RHK520 & RHK520BLK

RRP: \$89.95

FEATURES & BENEFITS

5 Temperature Settings

Choose from 5 variable temperature settings: Green Tea 70°C, White Tea 80°C, Oolong Tea 90°C, Coffee 95°C, Black Tea 100°C.

1.7L Capacity

Whether you're making a drink for yourself or up to 6 cups, the capacity makes this kettle perfect for larger households.

Keep Warm Function

Maintains its temperature for up to 2 hours, so you can have a cuppa when you're ready.

Illuminated Buttons

The buttons illuminate when in use so you know which function is on.

Easy View Water Window

A clear water window with litre markings allows you to see how much water is in the kettle.

Removable Anti-Scale Filter

The removable, washable anti-scale filter lets you remove it and rinse it in the sink, to prevent limescale build-up.

Auto Cut Off

When the kettle does not contain sufficient water, a boil-dry cut-out will switch the kettle off.

2 Year Warranty

ABOUT ADDISON 4 SLICE TOASTER

The Russell Hobbs Addison Matte Black 4-Slice Toaster shows off stylish curves along with elegant feature points.

This on-trend stainless steel matte black toaster is a great addition with chrome accents making the Addison Collection a perfect match to any kitchen, be it classic or modern. It features dual browning controls and a suite of functions including defrost, reheat & cancel.

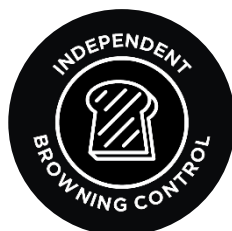

Addison 4 Slice Toaster
RHT514BLK & RHT514BRU
RRP: \$99.95

FEATURES & BENEFITS

Split Carriages for 2 or 4 Slice

The independent toasting slots allow you to use either 2 or 4 toasting slots

Independent Browning Control

Each carriage also has its own browning control, so you can keep your own settings!

Extra Wide Slots

Perfect for toasting thicker slices of bread, evenly from edge to edge.

Defrost, Reheat and Cancel

Toast bread from frozen. Warm up toasted bread or stop the toasting cycle.

Variable Browning Control

Whether you like your toast a deep golden shade or lightly toasted, with 7 settings on the browning dial you're in control.

High Lift

A little extra lift for easily retrieving smaller breads to avoid burning your fingertips.

Removable Crumb Trays

Catches the tiniest crumbs to keep your work-top clear and your kitchen mess-free. It's easy to slide out and empty too.

FEATURES & BENEFITS

Includes Brita Maxtra Filter Cartridge (replacements available: Coles & Woolworths)

- The Maxtra filter effectively reduces: lime scale, heavy metals such as lead and copper, and chemicals such as chlorine and other taste impairing substances ie. rust & other sediments
- It is an eco-friendly, economic and convenient choice

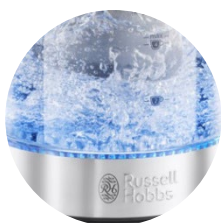

Filter Replacement Automatic Reminder

- Replace filter every 4 weeks or 150L for optimum performance
- Alerts you to when you need to replace your Brita filter, so you're never left guessing

Limescale Protection: Cleaner, clearer, better tasting tea & coffee

- Reduces taste impairing substances, allowing the full flavour and aroma of your hot drinks to shine through

Full Illumination

- As the temperature rises, the water is infused with soft blue light which illuminates at its brightest when ready

BRITA GLASS KETTLE

Brita Glass Kettle

RHK550

RRP: \$79.95

Not all kettles are born equal! Introducing the stylish Brita Glass Kettle designed with a built-in Brita water filter system that reduces limescale and chlorine, it also absorbs any copper and lead that could occur in tap water.

To make sure every litre of water you boil remains pure, there is a handy built in digital alert to remind you when the cartridge needs to be replaced, so you'll always enjoy cleaner, clearer, better tasting coffee and tea*. As the temperature rises, the water is infused with soft blue light which illuminates at its brightest when boiling point is reached.

QUALITY IS GREAT ... BUT!

Often water quality is great, however, by the time it travels from the water treatment plant to your tap, it may have picked up a number of contaminants such as heavy metals, chemicals and unwanted minerals that can affect the quality of your drinking water.

Filtering Water Removes

- Particles
- Lime scale
- Chlorine
- Heavy metals

Boiling Water Removes

- Bacteria
- Viruses
- Protozoans

WHY BRITA?

Eco-friendly

An ecological and convenient alternative to bottled water.

Economical

Benefit from budget-friendly advantages. And save money.

Daily hydration

Fits a healthy lifestyle and helps keep you hydrated all day.

German quality & design

Count on German quality. Enjoy appealing German design.

Great tasting water

Turns tap water into great tasting, freshly filtered BRITA water.

ABOUT DESIRE MATTE BLACK BLENDER

**Desire Matte Black
Blender**
RHBL5BLK
RRP: \$79.95

From superfood smoothies to frozen daiquiris on a summer's afternoon, the Matte Black Jug Blender does it all, in style. No kitchen is complete without a Desire Matte Black Blender!

Everything about this blender is striking, from its Premium Matte Black finish, to its Stainless Steel 4 Tip Blade that blends even the toughest ingredients with ease. Best of all, it has a 1.5L Glass Jug that's big enough to make plenty to share!

**Did you
know?**

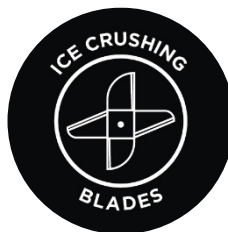

There are 14 recipes included in our Instruction Booklet. Be sure to check them out when creating your next cocktail, smoothie or snack!

FEATURES & BENEFITS

1.5L Glass Jug

Large enough to make lots of tasty treats for the whole family. The glass jug not only looks great but is durable and easy to clean too!

Stainless Steel Blades

The removable stainless steel 4 point blade is durable with serrated edges for effortless blending. It allows you to crush ice, frozen foods and nuts.

2 Speeds Plus Pulse

Two adjustable speeds to alter the speed depending on the ingredients you are blending. The pulse button can be used when you need short bursts of power at the optimum speed.

Dishwasher Safe Parts

The glass jug, cap and lid are dishwasher safe for easy cleaning. After you've finished using the blender, simply pop those parts into the dishwasher.

Removable Filler Cap

The removable filler cap allows you to continuously add in ingredients whilst blending.

Safety & Stability

A safety lock on base prevents the jug from separating from the base mid blend and non-slip feet for increased stability

Powerful 650W Motor

Impressive 650W that gives you a powerful blending performance.

2 Year Warranty

BROOKLYN 5.7L AIR FRYER

Air Fryers are small countertop convection ovens that are designed to emulate deep frying results without having to submerge your food in oil. The air fryer uses hot air and radiant heat to cook your food, so little to no oil is required. If needed, you can add oil to the food as a coating but you don't need to put oil into the basket itself.

Air Fryers are great for whipping up frozen or fresh finger foods and snacks. They're also great during the warmer months as they keep your kitchen cool as they give off less heat compared to conventional ovens or compact toaster ovens.

11-IN-1 DIGITAL MULTI-COOKER

What is Pressure Cooking?

Pressure Cooking is the process of cooking food at high pressure which allows you to shorten the cooking time.

When liquid inside the multi cooker is boiled, steam builds up and creates pressure. This pressure allows the temperature to rise above the normal 100°C boiling point and creates a 'superheated vapour' that has a cooking potential several times greater than standard cooking methods.

Cook with one, two or three baskets at a time, providing maximum flexibility. Also includes a rice bowl for fluffy rice!

60 Minute Timer

Steam for up to 60 minutes at a time! Just set the timer and an alarm will sound when the cooking cycle has completed.

BPA Free

The 3 tier steam baskets are BPA, plus they're stackable for easy storage when not in use.

Easy To Use

The steamer is easy to use with an external water refill with water level indicator, cooking timer and auto shut off.

YouTube Channel.

FEATURES & BENEFITS

Non-Stick Ceramic Soleplate

The ceramic soleplate provides a non-stick surface that glides easily over your fabric.

300ml Water Tank

A large water tank means you fill up less often even when you use the steam functions.

Self Clean Function

Helps prevent the build-up of limescale, maximising the life of your iron.

130g Steam Shot & 40g Continuous Steam

The 130g Steam Shot tackles the creases and the 40g Continuous Steam is perfect for powering through laundry.

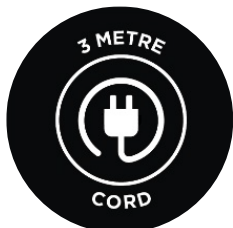

2400W Power

Driven by 2400W of power to help you get through your laundry load.

3 Way Auto Shut Off

Lets you rest easy even on busy days because you don't have to worry about if you've turned off the iron.

Long 3m Power Cord

A long cord gives you more freedom and flexibility when it comes to where you want to set up your ironing board.
