ABOUT ADDISON KETTLE

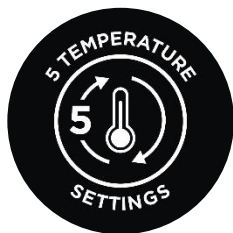

Addison Kettle
RHK510BLK
RRP: \$89.95

The Russell Hobbs Addison Digital Kettle in an on-trend matte black or classic brushed stainless steel finish is a highly functional addition to your kitchen, that allows you to brew your favourite tea and coffee to perfection.

With five variable temperatures and a keep warm function, the Russell Hobbs Digital Kettle will allow you to enjoy the perfect cuppa any time of the day

FEATURES & BENEFITS

5 Temperature Settings

Choose from 5 variable temperature settings: Green Tea 70°C, White Tea 80°C, Oolong Tea 90°C, Coffee 95°C, Black Tea 100°C.

1.7L Capacity

Whether you're making a drink for yourself or up to 6 cups, the capacity makes this kettle perfect for larger households.

Keep Warm Function

Maintains its temperature for up to 2 hours, so you can have a cuppa when you're ready.

Illuminated Buttons

The buttons illuminate when in use so you know which function is on.

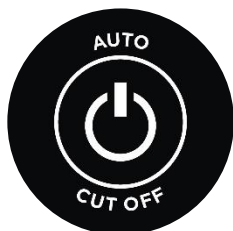

Easy View Water Window

A clear water window with litre markings allows you to see how much water is in the kettle.

Removable Anti-Scale Filter

The removable, washable anti-scale filter lets you remove it and rinse it in the sink, to prevent limescale build-up.

Auto Cut Off

When the kettle does not contain sufficient water, a boil-dry cut-out will switch the kettle off.

2 Year Warranty

ABOUT ADDISON 4 SLICE TOASTER

Addison 4 Slice Toaster

RHT514BLK

RRP: \$99.95

The Russell Hobbs Addison Matte Black 4-Slice Toaster shows off stylish curves along with elegant feature points.

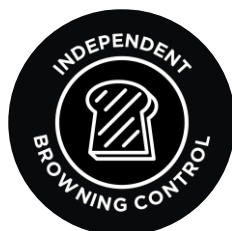

This on-trend stainless steel matte black toaster is a great addition with chrome accents making the Addison Collection a perfect match to any kitchen, be it classic or modern. It features dual browning controls and a suite of functions including defrost, reheat & cancel.

FEATURES & BENEFITS

Split Carriages for 2 or 4 Slice

The independent toasting slots allow you to use either 2 or 4 toasting slots

Independent Browning Control

Each carriage also has its own browning control, so you can keep your own settings!

Extra Wide Slots

Perfect for toasting thicker slices of bread, evenly from edge to edge.

Defrost, Reheat and Cancel

Toast bread from frozen. Warm up toasted bread or stop the toasting cycle.

Variable Browning Control

Whether you like your toast a deep golden shade or lightly toasted, with 7 settings on the browning dial you're in control.

High Lift

A little extra lift for easily retrieving smaller breads to avoid burning your fingertips.

Removable Crumb Trays

Catches the tiniest crumbs to keep your work-top clear and your kitchen mess-free. It's easy to slide out and empty too.

2 Year Warranty

ABOUT BROOKLYN 4 SLICE TOASTER

**Brooklyn 4 Slice Toaster –
Copper**
RHT94COP
RRP: \$109.95

The Brooklyn 4 slice toaster with copper chrome accents brings an element of warmth. A hint of copper can sometimes add a relaxed, rustic feel – however the metallic aspect adds a balance of modernity. Add in matte black and the combination creates a fusion of design trends that blend together perfectly.

Best Rated Kettle Brand 2021/2022

Russell Hobbs has been named Best Rated Kettle Brand the 2021/2022 Finder Retail Awards. Finder partnered with data and insights firm, Dynata, to survey thousands of Australians. Russell Hobbs was awarded solid scores across all metrics in addition to receiving a 95% recommendation rating.

FEATURES & BENEFITS

Blue Internal Illumination

The stunning blue internal illumination makes your kettle stand out with every boil. Designed to not only be striking, this illumination also indicates when your kettle is on and boiling.

1.7L Capacity

Whether you're making a drink for yourself or up to 6 cups, the capacity makes this kettle perfect for larger households.

360° Degree Base with Cord Storage

Easily place your kettle down from any angle with the 360° degree base and its cord storage lets you keep your kettle's cord neatly stored away.

Premium Glass Housing

Allows you to clearly see how much water you are putting into the kettle meaning you can accurately gauge the water level and have a clear visual on boiling status.

ABOUT DESIRE MATTE BLACK BLENDER

**Desire Matte Black
Blender**
RHBL5BLK
RRP: \$79.95

From superfood smoothies to frozen daiquiris on a summer's afternoon, the Matte Black Jug Blender does it all, in style. No kitchen is complete without a Desire Matte Black Blender!

Everything about this blender is striking, from its Premium Matte Black finish, to its Stainless Steel 4 Tip Blade that blends even the toughest ingredients with ease. Best of all, it has a 1.5L Glass Jug that's big enough to make plenty to share!

**Did you
know?**

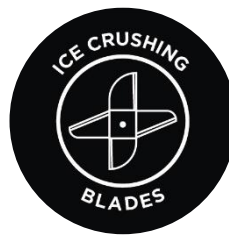

There are 14 recipes included in our Instruction Booklet. Be sure to check them out when creating your next cocktail, smoothie or snack!

FEATURES & BENEFITS

1.5L Glass Jug

Large enough to make lots of tasty treats for the whole family. The glass jug not only looks great but is durable and easy to clean too!

Stainless Steel Blades

The removable stainless steel 4 point blade is durable with serrated edges for effortless blending. It allows you to crush ice, frozen foods and nuts.

2 Speeds Plus Pulse

Two adjustable speeds to alter the speed depending on the ingredients you are blending. The pulse button can be used when you need short bursts of power at the optimum speed.

Dishwasher Safe Parts

The glass jug, cap and lid are dishwasher safe for easy cleaning. After you've finished using the blender, simply pop those parts into the dishwasher.

Removable Filler Cap

The removable filler cap allows you to continuously add in ingredients whilst blending.

Safety & Stability

A safety lock on base prevents the jug from separating from the base mid blend and non-slip feet for increased stability

Powerful 650W Motor

Impressive 650W that gives you a powerful blending performance.

2 Year Warranty

BROOKLYN 5.7L & SATISFRY MEDIUM 4L AIR FRYER

Air Fryers are small countertop convection ovens that are designed to emulate deep frying results without having to submerge your food in oil. The air fryer uses hot air and radiant heat to cook your food, so little to no oil is required. If needed, you can add oil to the food as a coating but you don't need to put oil into the basket itself.

Air Fryers are great for whipping up frozen or fresh finger foods and snacks. They're also great during the warmer months as they keep your kitchen cool as they give off less heat compared to conventional ovens or compact toaster ovens.

4 Litre capacity

The medium model has a generous 4L capacity.

Shake reminder

The shake reminder is an alarm that sounds halfway through the cooking cycle, for foods like chips and nuggets that need a shake for that delicious, crispy crunch.

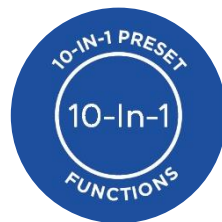

Air Fry Technology

Air fry technology circulates super-heated air at high speed, with variable temperature control up to 220 °C.

Dishwasher safe parts

The removable non-stick coated fry basket and crisping plate are dishwasher safe** and can be removed after every use, for ease of cleaning in the sink or dishwasher.

10 pre-set food programs

Whatever's on your menu, 10 pre-set food functions allow you to select specific programs for different food types: French fries, eggs, chicken, vegetables, air fry, bake, grill, dehydrate, cook from frozen and reheat.

- Includes up to 60 timer on most programs/manual settings, and up to 24 hour timer on the dehydrate program
- Adjustable height crisping plate, to elevate food for better grilling, or more air flow when dehydrating

ALL ABOUT QUALITY

11-IN-1 DIGITAL MULTI-COOKER

What is Pressure Cooking?

Pressure Cooking is the process of cooking food at high pressure which allows you to shorten the cooking time.

When liquid inside the multi cooker is boiled, steam builds up and creates pressure. This pressure allows the temperature to rise above the normal 100°C boiling point and creates a 'superheated vapour' that has a cooking potential several times greater than standard cooking methods.

ABOUT 11-IN-1 DIGITAL MULTI-COOKER

11-in-1 Digital Multi-Cooker
RHPC3000
RRP: \$169.95

Under pressure to create a delicious meal quickly and need some inspiration? Allow the 11-in-1 Digital Multi-Cooker to save the day with its many pre-set cooking functions to choose from.

The Russell Hobbs 11-in-1 Digital Multi-Cooker, in a premium matte black finish with the new stylish display, features 8 pressure settings for quick meals and 3 non-pressure settings to slow cook, sauté and even make your own yoghurt.

Create mouth watering risottos, curries and delicious cakes for dessert at the touch of a button.

Top Tip

It generally works with cheaper, tougher cuts of meat, turning them into tender flavoursome meals. You can achieve the same results as a slow-cooked meal, but in a fraction of the time.

FEATURES & BENEFITS

11 Pre-Set Programs

8 Pressure settings including bake, curry, soup, risotto, steam, pot roast, white rice and brown rice settings.
3 Non-Pressure settings including yoghurt, slow cook and sauté settings.

NEW Bake & Yoghurt Functions

Use the Bake function to make cakes, creamy rice desserts, cheese cakes and puddings. Use the Yoghurt function to make fresh and creamy yoghurt.

Removable 6L Bowl

The 6L non-stick bowl is removable for easy serving & cleaning of food.

Dishwasher Safe Parts

The removable 6L non-stock bowl can be placed into dishwasher for easy cleaning.

Accessories Included

Includes a serving spoon, trivet (steaming rack) & rice measuring cup, offering convenience and accuracy every cook, along with protecting your bench tops

Digital Display with LED lights

Stylish digital display that's easy to use with a touch of a button. Can easily be cleaned with a damp cloth.

25 Recipes Included

Enhance your culinary capabilities with a variety of sweet and savoury recipes developed by our home economist, specifically for using the 11-in-1 Multi Cooker.

Added Functionality

The Sauté function allows for one-pot cooking as you can sear directly in the pot. The Delayed Start function allows you to plan cooking ahead and the Keep Warm function keeps food hot until you're ready.

ALL ABOUT QUALITY

In addition to the safety testing requirements mandated by the electrical authorities, our products are subjected to a large range of functional and stress tests to ensure they meet our stringent product life quality requirements.

Russell Hobbs

A BRITISH ICON SINCE 1952

ABOUT SLOW COOKERS

The Slow Cooker is a great staple appliance for every kitchen, it slowly cooks food at low temperatures, helping to bring out flavours and textures you can't generally get from cooking at higher temperatures. Usually used for stews, soups, curries and meats, slow cookers are versatile and easy to use, simply add ingredients, select the heat setting and allow rich flavours to develop, cooking your favourite meals with little effort.

The slow cooker is an excellent choice for cooking less expensive or tougher meats, such as casserole or chuck steak, roasts, and less-lean stewing beef or lamb, which are tenderized through the long cooking process, plus they use less energy than a standard electric oven, so perfect for those budget conscious cooks.

THINGS TO CONSIDER

Ceramic vs Sear Aluminium Pot

A ceramic pot has great heat retention for extra tender, melt in your mouth results. Whereas, a non-stick removable aluminium pot allows you to sear meat on the stove before slow cooking to better retain juices for easy one pot cooking.

Manual vs Digital Control

Manual controls are generally easier to use, while digital controls generally offer more information, automation and include a timer feature

Size/Capacity

Smaller, 3.5L or 4L slow cookers are best suited to catering to singles or couples. Whereas larger, 6L or 7L accommodate for 8+ serves for the whole family or to assist with meal preparation

Matte Black vs Stainless Steel

Slow cookers are available in a variety of colours and finishes although Stainless Steel & Matte Black compliment any kitchen's style and existing décor.

Dishwasher Safe Parts

The beauty of one-pot cooking is it reduces the time and effort of clean-up, especially with removable and dishwasher safe cooking pots

Built-In Lid Holder & Cool Touch Handles

Built-in lid holders allow the lid to hang off cooker to keep countertop clean and the cool touch handles allow for safe handling and removal of cooking pot

ABOUT 2-IN-1 STEAMER SUPREME

2-in-1 Steamer Supreme
RHC470
RRP: \$139.95

Smooth away creases and freshen-up fabrics with the 2 in 1 Steamer Supreme and its Steam and Iron Feature.

The Quick 45-Second Heat-Up Time and One Temperature Technology makes it fast and effortless to use – and once you're done, rest it on its heel until it cools.

Killing up to 99.9% of Bacteria in 60 Seconds* enjoy hygienic fabrics and tackle stubborn creases with the 20g Steam Output with Steam Trigger Lock.

FEATURES & BENEFITS

2-in-1 Design

Combines both a Steaming and Ironing Feature. Enjoy the freedom of steaming and the ability to iron out tougher creases.

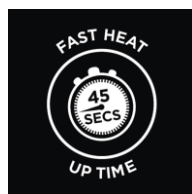

One Temperature Technology

Safe for use, on all iron friendly fabrics to save you time worrying about whether you have the right temperature for your garment.

Kills up to 99.9% Bacteria in 60 seconds*

Remove bacteria for fresher, more hygienic fabrics whilst you steam and iron, so you can enjoy cleaner fabrics around the home.

Quick 45 Second Heat-Up Time

The quick heat up time means you can quickly tackle creases in any outfit.

20g Steam Output with Steam Trigger

Releasing a powerful hit of steam to help soften your fabrics, you can easily smooth away and remove wrinkles.

No Ironing Board Required

Simply place the garment on a flat, heat resistant surface that will not be affected or damaged by heat or steam when ironing.

5 accessories included

Includes four attachments (fabric, delicate, upholstery and lint) and a heat resistant storage/travel bag.

2 Year Warranty

*2 types of bacteria on 3 surfaces. Laboratory tested. See website for more details

ABOUT ADVANCED GLIDE IRON

Advanced Glide Iron

RHC280

RRP: \$59.95

Ironing is made easy with the Russell Hobbs Advanced Glide Iron. Its 2x more durable* non-stick ceramic soleplate simply glides over fabric, smoothing creases with minimum effort. A 155g steam burst and 50g of continuous steam give you the help you need to tackle deeper creases in tougher fabrics. The 3-way auto shut-off function gives you peace of mind that you've switched the iron off. The iron's easy to fill 330ml water tank means fewer fill-ups, and the Advanced Glide iron's comfortable soft-touch grip makes the ironing experience more comfortable on your hands.

FEATURES & BENEFITS

Non-Stick Ceramic Soleplate

The ceramic soleplate provides a non-stick surface that glides easily over your fabric and makes it over 2x more durable*

330ml Water Tank

A large water tank means you fill up less often even when you use the steam functions.

Cleaning Functions

Includes anti-scale, anti-drip and self clean functions to help prevent the build-up of limescale, maximising the life of your iron.

155g Steam Shot & 50g Continuous Steam

The 150g Steam Shot tackles the stubborn creases and the 50g Continuous Steam is perfect for powering through laundry.

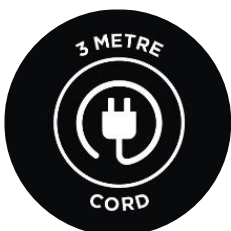

2400W Power

Driven by 2400W of power to help you get through your laundry load.

3 Way Auto Shut Off

Lets you rest easy even on busy days because you don't have to worry about if you've turned off the iron.

Long 3m Power Cord

A long cord gives you more freedom and flexibility when it comes to where you want to set up your ironing board.

FREEDOM CORDLESS IRON

Freedom to iron without cords tying you down. The Freedom Cordless Iron gives you the convenience of Cordless technology, allowing you to easily move around the clothes and ironing board without getting tangled. Smoothing out the creases in your clothes has never been easier.

HOW IT WORKS

1.

Wait for the base to flash green

2.

Iron until the base flashes red or beeps 3 times

3.

Place iron onto base to recharge, meanwhile reposition your clothing

4.

Once base flashes green repeat Steps 2 and 3 until finished.

Smart Status Light	What does it mean?
Steady red	Your iron is heating up
Flashing green	Your iron is ready to use
Flashing red	Your iron needs reheating but you can carry on ironing for a little longer
