IMPORTANT SAFEGUARDS

- **Warning: When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a hazard even when the appliance is switched off.**
- **When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:**
- **READ ALL INSTRUCTIONS BEFORE USING**
- **KEEP AWAY FROM WATER**
- **DANGER – As with most electrical appliances, electrical parts are electrically live even when the switch is off.**

To reduce the risk of death by electric shock:

- Always unplug it immediately after using.
- Do not place or store an appliance where it can fall or be pulled into a bath or sink.

 **WARNING:** Do not use this appliance near bathtubs, showers, basins or other vessels containing water.

- Do not place or drop into water or other liquid.
- If an appliance falls into water, “unplug it” immediately. Do not reach into the water.

For additional protection, the installation of a residual current device (RCD) with a rated residual operating current not exceeding 30mA is advisable in the electrical circuit supplying the bathroom. Ask your electrical contractor for advice.

WARNING – TO REDUCE THE RISK OF BURNS, ELECTROCUTION, AND FIRE, OR INJURY TO PERSONS.

- Your appliance must never be left unattended when plugged in to a power outlet.
- Burn Hazard. Keep the appliance out of reach of young children, particularly during use and cool down.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Keep the appliance and the power cord away from the edge of table or countertops and out of reach of children and persons with reduced physical, sensory or mental capabilities.

- This appliance is not a toy. Children shall be supervised to ensure they do not play with the appliance.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by Remington.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agents or similarly qualified persons in order to avoid a hazard.
- Do not use on people who are asleep.
- Never drop or insert any object into any opening of this appliance.
- Do not use outdoors or where aerosol (spray) products are being used or where oxygen is being administered.
- Do not let bare skin touch heated surfaces.
- Never place the appliance on any soft surface such as a bed, carpet or a towel. Place only on a hard, flat, heat resistant surface.
- Do not use on wet hair
- This appliance is not recommended for use on heavily treated/bleached hair, synthetic wigs or hair extensions.

CAUTION: The appliance will remain hot for some time after being switched off. Do not touch the plates or surrounding areas or set the appliance down onto surfaces that may be affected by heat until it has cooled.

SAVE THESE INSTRUCTIONS

PARTS

- | | |
|-----------------------------------|----------------------------|
| 1. Advanced ceramic coated plates | 7. Rotation lever |
| 2. Rotating split barrel | 8. Cool tip |
| 3. Air inlet vent | 9. Curl direction selector |
| 4. Air outlet vents | Controls: |
| 5. Display | ⏻ On/off button |
| 6. Swivel cord | +/- Temperature control |
-

ADDITIONAL FEATURES

- Fast heat up—ready to use in 15 seconds.
- Automatic safety shut off – this unit will switch itself off if no button is pressed or it is left on after 60 minutes.
- Multivoltage: for home or abroad. At 120V times and temperatures may vary.

INSTRUCTIONS FOR USE

1. Plug your styler into the mains power supply.
2. Press the (⏻) button to switch on.
3. Select the appropriate temperature for your hair and the curl you want to create using the +/- temperature control button on the side of the styler. The selected temperature will be shown in the display.
4. When the styler is ready to use, and the selected temperature has been reached the display will stop flashing.

Ionic Air Technology

- At all times, air flows through the vents on the outside of the barrel distributing millions of ions to help eliminate static and instantly cool your hair to lock-in long lasting, smooth curls.

NOTE: The fan will produce a noise when it is operating.

Temperature Selection

- The type of curl created depends on the heat setting and size of the hair section you select. See the below guide on how to achieve different looks, this may vary depending on your hair type.

Style	Loose Waves		Soft Curls		Bouncy Curls	
Heat setting	160°C		185°C		210°C	
Section width	6 cm		4 cm		2 cm	

Rotation Direction

- Select the desired curling direction using the curl direction selector.

	To rotate the barrel clockwise
	To rotate the barrel anti-clockwise

STYLING TIPS

- Before use, ensure the hair is clean, dry and tangle-free.
- For extra protection use a heat protection spray.
- Hairsprays contain flammable material – do not use while using this product.
- Section the hair prior to styling. Style the lower layers first.
- Start at a lower temperature with a small section size and try and experimental curl first to determine the ideal section size, rotation direction and temperature for you.
- When curling the front sections of your hair, curl them in the direction away from your face to frame it. To do this, set the direction of rotation as follows :

If you are right-handed (you hold the styler in your right hand)	
Direction of rotation	
If you are left-handed (you hold the styler in your left hand)	
Direction of rotation	

- For an even more natural-looking result, alternate the curl direction throughout the rest of your hair.

Creating curls

1. Holding a section of hair taught, slide the section into the opening of the split barrel so that the styler is near the top of the hair section (Fig. A).
2. Release the hair section then firmly press and release the rotation lever. This will rotate the barrel in the direction selected with the curl direction selector (Fig. B)
3. Slowly glide the styler downwards towards the end of your hair without stopping, keeping the speed consistent (Fig. C). If you think you're gliding slowly, go even slower!
4. Repeat this around the head to create as many curls as desired.
5. Allow the hair to cool before further styling.

For added tension and control

1. Lightly grip the cool tip with your free hand as you glide.
2. For longer hair, press and release the rotation lever a second time, halfway down the section.

STORAGE, CLEANING AND MAINTENANCE

Let the appliance cool down before cleaning and storing away

- After use, press and hold the on/off (⏻) button to turn off then unplug the appliance.
- Wipe all the surfaces with a damp cloth.
- Don't use harsh or abrasive cleaning agents or solvents.

DISPOSAL/RECYCLING

Legislation in some localities mandates that e-waste (anything with a plug, battery or cord) is disposed of through controlled recycling facilities and must not be disposed of in general household waste. For more information about recycling of electrical and battery operated appliances, please contact your local council or your local household waste disposal service.

Spectrum Brands Australia Pty Ltd and Spectrum Brands New Zealand Ltd WARRANTY AGAINST DEFECTS

In this warranty:

Australian Consumer Law means the Australian consumer law set out in Schedule 2 to the Competition and Consumer Act 2010;

CGA means the New Zealand Consumer Guarantees Act 1993;

Goods means the product or equipment which was accompanied by this warranty and purchased in Australia or New Zealand, as the case may be;

Manufacturer, We or us means:

1. for Goods purchased in Australia, Spectrum Brands Australia Pty Ltd ABN, 78 007 070 573; or
2. for Goods purchased in New Zealand, Spectrum Brands New Zealand Ltd, as the case may be, contact details as set out at the end of this warranty;

Supplier means the authorised distributor or retailer of the Goods that sold you the Goods in Australia or in New Zealand; and

You means you, the original end-user purchaser of the Goods.

1. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law, or the CGA. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
2. The benefits provided by this Warranty are in addition to all other rights and remedies in respect of the Goods which the consumer has under either the Australian Consumer Law or the CGA. The original purchaser of the Goods is provided with the following Warranty subject to the Warranty Conditions:
3. We warrant the Goods for all parts defective in workmanship or materials for the period of five (5) years from the date of purchase (Warranty Period). If the Goods prove defective within the Warranty Period by reason of improper workmanship or material, we may, at our own discretion, repair or replace the Goods without charge.

Warranty Conditions

4. The Goods must be used in accordance with the manufacturer's instructions. This Warranty does not apply should the defect in or failure of the Goods be attributable to misuse, abuse, accident or non-observance of manufacturer's instructions on the part of the user. As far as the law permits, the manufacturer does not accept liability for any direct or consequential loss, damage or other expense caused by or arising out of any failure to use the Goods in accordance with the manufacturer's instructions.

5. Consumable parts (such as shaver heads, cutters and foils) of the Goods are included under this Warranty only where there is a defect in workmanship or materials used.
6. The warranty granted under clause 3 is limited to repair or replacement only.
7. Any parts of the Goods replaced during repairs or any product replaced remain the property of the manufacturer. In the event of the Goods being replaced during the Warranty Period, the warranty on the replacement Goods will expire on the same date as for the Warranty Period on the original Goods which are replaced.
8. In order to claim under the warranty granted under clause 3 you must:
 - (a) Retain this warranty with your receipt/proof of purchase; and
 - (b) Return the Goods to us at the relevant address below or to the Supplier by prepaid freight within the Warranty Period accompanied with (i) the legible and unmodified original proof of purchase, which clearly indicates the name and address of the Supplier, the date and place of purchase, the product name or other product serial number and (ii) this warranty.
9. This warranty is immediately void if:
 - (a) Any serial number or appliance plate is removed or defaced;
 - (b) The Goods have been serviced or otherwise repaired by a person not authorised to do so by us or where non approved replaced parts are used.
10. The Goods are designed for domestic use only. A limited 90-day Warranty applies to any industrial or commercial use of the Goods. The Goods must be connected to the electrical voltage requirements as specified in the ratings label located on the Goods.
11. This warranty does not cover the cost of claiming under the warranty or transport of the Goods to and from the Supplier or us.
12. This warranty is only valid and enforceable in Australia against Spectrum Brands Australia Pty Ltd and in New Zealand against Spectrum Brands New Zealand Limited.

Contact us or the Supplier for further details.
