IMPORTANT SAFEGUARDS

- **Warning: When the hair dryer is used in a bathroom, unplug it after use since the proximity of water presents a hazard even when the hair dryer is switched off.**
- **When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:**
- **READ ALL INSTRUCTIONS BEFORE USING**
- **KEEP AWAY FROM WATER**
- **DANGER – As with most electrical appliances, electrical parts are electrically live even when the switch is off.**

To reduce the risk of death by electric shock:

- Always unplug it immediately after using.
- Do not place or store an appliance where it can fall or be pulled into a bath or sink.

 **WARNING:** Do not use this appliance near bathtubs, showers, basins or other vessels containing water.

- Do not place or drop into water or other liquid.
- If an appliance falls into water, “unplug it” immediately. Do not reach into the water.

For additional protection, the installation of a residual current device (RCD) with a rated residual operating current not exceeding 30mA is advisable in the electrical circuit supplying the bathroom. Ask your electrical contractor for advice.

WARNING – TO REDUCE THE RISK OF BURNS, ELECTROCUTION, AND FIRE, OR INJURY TO PERSONS.

- An appliance should never be left unattended when plugged in to a power outlet.
- The appliance must be switched off at all times other than when actually being used to dry hair.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given close supervision or instruction concerning use of the appliance by a person responsible for their safety.

- This appliance is not a toy.
- Children should be supervised to ensure they do not play with the appliance.
- Cleaning and user maintenance shall not be made by children without supervision.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by Remington.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agents or similarly qualified persons in order to avoid a hazard.
- Never block the air openings of this hair dryer or place it on a soft surface, such as a bed or couch, where the air openings may become blocked. Keep the air openings free of lint, fluff and hair.
- Do not use on people who are sleeping.
- Never drop or insert any object into any opening of this appliance.
- Do not use outdoors or where aerosol (spray) products are being used or where oxygen is being administered.
- Do not direct hot air towards the eyes or other heat sensitive areas.
- Attachments, where provided, may be hot during and after use. Allow them to cool before handling.
- When using the appliance, keep your hair away from the air inlet grille. Do not let your hair get drawn into the appliance.
- This appliance is not recommended for use on heavily treated/bleached hair, synthetic wigs or hair extensions.

As with all electrical appliances, the power cord must be regularly checked for wear and tear. Immediately cease using this product if the power cord shows any signs of damage.

SAVE THESE INSTRUCTIONS

PARTS

- | | |
|---|---|
| 1. Outlet grille with heat activated micro-conditioners | 7. Heat setting display |
| 2. Removeable air filter | 8. Speed setting display |
| 3. Inner mesh | 9. Hang loop / Cord storage |
| 4. Magnetic Slim styling concentrator | Controls: |
| 5. Magnetic Diffuser |  Cold shot button |
| 6. Heat indicator bar |  Heat selector button |
| |  Speed selector button |
| |  I/O On/off switch |

INSTRUCTIONS FOR USE

Fitting/Removing attachments

- CAUTION: Attachments can become hot during use, let them cool before removing.
- TIP: Holding the cool shot button for a few seconds before removing accessories can help to reduce their temperature.
- The diffuser and concentrator are attached to the front of the hairdryer using magnets. Align the two pins on the attachment with the two cut outs on the front of your hairdryer (Fig. B). The attachment will click into place when correctly aligned.
- Once fitted, the concentrator can be rotated as required. To rotate, twist the front part of the concentrator (Fig. C).

Using

1. Plug the product into the mains power supply
2. Slide the on/off switch (I/O) to switch on.
3. Select the desired heat (☺☺☺) and speed (⚙️) settings using the selector buttons.

Speed Setting

Speed Setting Display	Speed
●●●●	Fast
●●●○	Medium
●○○○	Slow

Heat Setting

Heat Setting Display	Heat Setting	Heat Indicator Bar Colour
●●●●●	Comfort+	Mixed colours
●●●●○	High	Red
●●○○○	Medium	Pink
●○○○○	Low	Yellow
○○○○○	Cool	Blue

Comfort+ Setting

- Automatically cycles between hot and cool temperatures to prevent heat build-up for comfortable styling.
- Can be used in conjunction with any speed setting.

Cool shot

- Reduces the heat to a constant cool temperature to set your style.
- Press the  button to activate / deactivate.
- The heat indicator bar will turn blue and the heat setting display will turn off.

Memory Function

- Each time you use your dryer it will automatically set itself to the last heat and speed setting used.

STYLING TIPS

How to create smooth styles with the concentrator attachment

- For best results, dry your hair as normal until it is about 70% dry. Then turn off your dryer and section your hair into manageable areas.
- Select a high heat and fast speed setting.
- Starting on the lower sections of hair, work on one section at a time. Use a round brush (not included) to grip the underneath of your hair and run the concentrator attachment down the section until it's 100% dry.
- Activate the cool shot and run the nozzle down the section again to set your style in place.

How to gently dry roots with the diffuser attachment

1. Select a high heat and medium speed setting.
2. Hover the diffuser bowl over your roots and then slowly move around your head until your roots are 100% dry (Fig. D).

How to dry and define curls with the diffuser attachment

1. Select a medium/high heat and slow speed setting.
2. Turn your head upside down and gently place sections of your hair into the diffuser bowl slightly rotating and scrunching the hair as you dry.

OVERHEAT PROTECTION

In the event of overheating, the appliance may either stop unexpectedly or start to blow cold air. Overheating is usually caused by a blocked grille/filter. If this happens, immediately unplug the appliance and refer to STORAGE, CLEANING AND MAINTENANCE to clean the grille/filter. If, after doing this overheating continues to happen, stop using the appliance and contact Customer Service.

STORAGE, CLEANING AND MAINTENANCE

Let the appliance cool down before cleaning and storing away

- Wipe all the surfaces with a damp cloth.
- To maintain peak product performance and to prolong motor life, it is important to regularly remove any dust and dirt build-up from the dryer internals and air filter.
- Remove the grille by twisting in the direction shown (Fig. A), clean with a cloth or soft brush, then replace it.
- IMPORTANT: Do not attempt to remove the inner mesh which is underneath the removable air filter. The inner mesh is permanently attached to the hairdryer.
- The cord can be secured by undoing the hang up loop/cord storage clip and securing it around the folded cord as shown (Fig. E).

Internal Cleaning Cycle

- After 800 minutes of use, when you switch on your hairdryer, the heat and speed setting displays will flash 10 times. Press and hold the speed () and heat () buttons at the same time for 3 seconds. This will activate the internal cleaning cycle.
- During the internal cleaning cycle, the motor will operate in the reverse direction for 10 seconds and blow air out of the air filter to clean the internal parts of the dryer.
- If the internal cleaning cycle is not completed, the cleaning reminder will activate again the next time you switch on your hairdryer.

DISPOSAL/RECYCLING

Legislation in some localities mandates that e-waste (anything with a plug, battery or cord) is disposed of through controlled recycling facilities and must not be disposed of in general household waste. For more information about recycling of electrical and battery operated appliances, please contact your local council or your local household waste disposal service.

Spectrum Brands Australia Pty Ltd and Spectrum Brands New Zealand Ltd WARRANTY AGAINST DEFECTS

In this warranty:

Australian Consumer Law means the Australian consumer law set out in Schedule 2 to the Competition and Consumer Act 2010;

CGA means the New Zealand Consumer Guarantees Act 1993;

Goods means the product or equipment which was accompanied by this warranty and purchased in Australia or New Zealand, as the case may be;

Manufacturer, We or us means:

1. for Goods purchased in Australia, Spectrum Brands Australia Pty Ltd ABN, 78 007 070 573; or
2. for Goods purchased in New Zealand, Spectrum Brands New Zealand Ltd, as the case may be, contact details as set out at the end of this warranty;

Supplier means the authorised distributor or retailer of the Goods that sold you the Goods in Australia or in New Zealand; and

You means you, the original end-user purchaser of the Goods.

1. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law, or the CGA. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
2. The benefits provided by this Warranty are in addition to all other rights and remedies in respect of the Goods which the consumer has under either the Australian Consumer Law or the CGA. The original purchaser of the Goods is provided with the following Warranty subject to the Warranty Conditions:
3. We warrant the Goods for all parts defective in workmanship or materials for the period of five (5) years from the date of purchase (Warranty Period). If the Goods prove defective within the Warranty Period by reason of improper workmanship or material, we may, at our own discretion, repair or replace the Goods without charge.

Warranty Conditions

4. The Goods must be used in accordance with the manufacturer's instructions. This Warranty does not apply should the defect in or failure of the Goods be attributable to misuse, abuse, accident or non-observance of manufacturer's instructions on the part of the user. As far as the law permits, the manufacturer does not accept liability for any direct or consequential loss, damage or other expense caused by or arising out of any failure to use the Goods in accordance with the manufacturer's instructions.
5. Consumable parts (such as shaver heads, cutters and foils) of the Goods are included under this Warranty only where there is a defect in workmanship or materials used.
6. The warranty granted under clause 3 is limited to repair or replacement only.
7. Any parts of the Goods replaced during repairs or any product replaced remain the property of the manufacturer. In the event of the Goods being replaced during the Warranty Period, the warranty on the replacement Goods will expire on the same date as for the Warranty Period on the original Goods which are replaced.
8. In order to claim under the warranty granted under clause 3 you must:
 - (a) Retain this warranty with your receipt/proof of purchase; and
 - (b) Return the Goods to us at the relevant address below or to the Supplier by prepaid freight within the Warranty Period accompanied with (i) the legible and unmodified original proof of purchase, which clearly indicates the name and address of the Supplier, the date and place of purchase, the product name or other product serial number and (ii) this warranty.
9. This warranty is immediately void if:
 - (a) Any serial number or appliance plate is removed or defaced;
 - (b) The Goods have been serviced or otherwise repaired by a person not authorised to do so by us or where non approved replaced parts are used.
10. The Goods are designed for domestic use only. A limited 90-day Warranty applies to any industrial or commercial use of the Goods. The Goods must be connected to the electrical voltage requirements as specified in the ratings label located on the Goods.
11. This warranty does not cover the cost of claiming under the warranty or transport of the Goods to and from the Supplier or us.
12. This warranty is only valid and enforceable in Australia against Spectrum Brands Australia Pty Ltd and in New Zealand against Spectrum Brands New Zealand Limited.

Contact us or the Supplier for further details.
