IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic precautions should always be observed, including the following.

READ ALL INSTRUCTIONS BEFORE USING

DANGER: As with most electrical appliances, electrical parts are electrically live even when the switch is off.

For additional protection, the installation of a residual current device (rcd) having a rated residual operating current not exceeding 30 mA is advisable in the electrical circuit supplying the bathroom. Ask your installer for advice.

KEEP AWAY FROM WATER

WARNING: TO REDUCE THE RISK OF BURNS, ELECTROCUTION AND FIRE OR INJURY TO PERSONS

- Do not place or store the appliance or charging adaptor where it can fall or be knocked into a sink or bath.
- Do not place in or drop into water or any other liquid.
- If an appliance falls into water, “unplug it” immediately. Do not reach into the water.
- Unplug the charging adaptor from the electrical outlet immediately after fully charging.
- Do not use while bathing or in the shower.
- Unplug and switch off this appliance before cleaning it.
- Use this appliance only for its intended use as described in this manual.
- Do not use attachments not recommended by Remington.
- Never drop or insert any object into any opening of this appliance.
- Keep the cord away from heated surfaces.
- Do not use this appliance with a damaged or broken trimming attachments as injury may occur.
- Always store the charging adaptor in a moisture-free location.
- For household use only.
- This appliance should not be used by children or other persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge unless they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

- This appliance is not a toy. Children shall be supervised to ensure they do not play with the appliance. Cleaning, use, and maintenance shall not be made by children without supervision.
- Keep the appliance and the power cord away from edge of tables or countertops and out of reach of children and persons with reduced physical, sensory or mental capabilities.
- Do not use on people who are asleep.
- Misuse may cause injury.
- Never operate this appliance if it has a damaged cord or plug, if it is not working correctly, if the charging adaptor has been damaged or dropped into water.
- Do not use an extension cord or a voltage converter with this appliance.
- Do not wrap the cord around the appliance.
- **WARNING:** For recharging the battery, only use the adaptor supplied with the appliance.
- Always replace the adaptor with one of the original type.

WARNING - KEEP THE APPLIANCE DRY

PG6024AU SPECIFICATIONS

Power System	Cordless (Rechargeable)
Initial Charge Time	24 Hours
Full Charge Time	14-16 Hours
Run Time	60 Minutes
Indicators	LED Charging Indicator
Voltage Type	AC Adaptor - 220-240V

ABOUT YOUR GROOMER

CHARGING

- Before using your groomer for the first time, charge it for 24 hours. The groomer will be fully charged in 16 hours.
- Check to ensure that the groomer On/Off switch is OFF. Plug the adaptor into your groomer and then plug the charging adaptor unit into a domestic power outlet. The Charging Indicator will illuminate when it is connected to the power source, the light will remain on until it is disconnected from the power source (even when it is fully charged).
- The batteries cannot be overcharged, but it is recommended that charging be discontinued and the groomer be stored away if it will not be used for an extended period of time (2-3 months).
- The groomer will be fully charged in 14 to 16 hours.
- To preserve the life of the batteries, discharge them by running the groomer until the blades move slowly. Switch off and recharge for 24 hours. Do this every 6 months.
- Use the groomer only with the charging adaptor supplied.

ATTACHING THE GROOMING ATTACHMENTS

- The groomer attachments are removed by rotating anticlockwise and lifting off.
- Insert the required attachment and rotate clockwise to lock into position.

HOW TO USE YOUR GROOMER?

What attachments to use:

	Arc Detail Trimmer	Full size Trimmer	Nose & Ear Trimmer	Adjustable Beard & Stubble Comb	Mini Foil Shaver
Beard		X		X	
Beard line	X	X			X
Ear			X		
Eyebrow	X		X		
Moustache	X	X		X	
Nape of neck	X	X			
Nose			X		
Sideburns	X	X		X	X

ATTACHING AND REMOVING THE GROOMING HEADS

- Ensure that the groomer is switched off before fitting or removing heads.
- To remove, rotate the head anti-clockwise until it unlocks and then lift off.
- To fit, place the desired head on top of the groomer and rotate head clockwise to lock into place.

ATTACHING AND REMOVING ADJUSTABLE COMB ATTACHMENT

- To attach, line up the rails on the comb with the slots on the sides of the groomer and slide the comb downwards onto the groomer.

- To adjust, press and hold the adjustment button on the back of the comb and slide the comb up or down. Release the button to lock the comb at that position. The length of cut is indicated by the scale on the side of the groomer.
- To remove, press and hold the adjustment button and push the comb up and off the groomer.
- The Adjustable Comb attachment has 8 length settings: 2-16mm (in increments of 2mm). Begin with a higher numbered setting. Adjust cutting length as desired once you are familiar with using the groomer, it is better to select a longer hair length setting in order not to trim too much hair.

GROOMING TIPS

Hair Clipping: 32mm Trimmer Head With Adjustable Comb (2-16mm)

- Should be dry and free of lotions or other liquids.
- Comb outward to obtain maximum height / length and facing in the same direction.

Step 1: Nape of the neck

1. Using a hand-held mirror is necessary if self-trimming.
2. Fit the 32mm trimmer head and adjustable comb.
3. Set the adjustable comb to 4 mm or 6 mm.
4. Hold the groomer with the blade teeth pointing upwards. Begin starting at the centre of the head at the base of the neck.
5. Slowly lift the groomer, working upwards and outwards through the hair, trimming just a little at a time.

Step 2: Back of the head

- With the adjustable comb set at 12 mm or 16 mm, cut the hair at the back of the head.

Step 3: Side of the head

1. Adjust the comb to a shorter length setting for the areas around the ears.
2. Increase the length setting on the adjustable comb to gradually transition the length of hair on the side of the head to the longer hair on the top of the head.

Step 4: Top of the head

1. Adjust the comb to the longer length settings (up to 16 mm) then cut the hair on top of the head against the direction in which the hair normally grows.
2. Always work from the back of the head.

Beard / Moustache: 32mm Trimmer Head With Adjustable Comb (2-16mm)

1. Use a small comb to straighten hairs for trimming.
2. Fit the 30mm trimmer head and adjustable comb.
3. Set the adjustable comb to the desired length.
4. Start trimming under the chin following the line of the jaw.
5. Work upwards towards the ear and upper beard line.

Contour Edging and Close Hair Cutting: 32mm Trimmer Head

1. Hold the groomer with the cutting blade (teeth) facing you and at 90 degrees to the skin.
2. Start with the edge of the beard/moustache line and, with the blade resting lightly against the skin, use slow controlled movements to create contoured lines.

Beard Line: Arc Detail Trimmer Head

1. Hold the groomer with either the 32mm trimmer or arc detail trimmer blade facing you.
2. Start with the edge of the beard line and with the cutting blades resting lightly against your skin. Use downward motions towards the edge of the beard line to trim the beard line to the desired shape in the facial areas and around the neck.

Sideburns: Arc Detail Trimmer Head

1. Comb sideburns following the direction of your hair growth.
2. Hold the groomer vertically with either the 32mm trimmer or arc detail trimmer head facing you.
3. Trim sideburns using a downward motion. After trimming, lightly go over the trimmed areas with the mini foil shaver head to remove any short hairs remaining and to get a smooth clean finish.

Mini Foil Shaver Head

- Use the Mini Foil Shaver head to clean-up detailed areas. For best results, avoid holding at an angle.

Note: The mini foil shaver is designed to shave the detailed areas around your beard, moustache and sideburns. It is not designed to shave your entire face.

Ears: Nose, Ear, Eyebrow Trimmer Head

1. When trimming inner ears, avoid inserting the groomer more than 6mm into ear canal.
2. Turn the groomer on.
3. Insert the groomer's cutting unit gently into the ear canal.
4. Rotate the groomer in a circular motion while gently moving in and out of ear canal.

Eyebrows: Nose, Ear, Eyebrow Trimmer Head

1. Guide cutting edges to stray hairs along eyebrows.
2. For best results, do not use the groomer to define entire eyebrow.

Nose: Nose, Ear, Eyebrow Trimmer Head

1. Turn the groomer on.
2. Carefully insert the groomer's cutting unit no more than 6mm into nostril.
3. Rotate the groomer in a circular motion while gently moving in and out of nose.

CLEANING, CARE & MAINTENANCE

Note: Always clean the groomer heads and attachment immediately after use to ensure maximum performance and a proper operating life.

Cleaning Mini Foil Shaver Head

Note: Do not rinse or lubricate the mini foil shaver with oil as it is permanently lubricated.

1. With the head removed from the handle, remove the foil head from the attachment by pressing the latch button.
2. Shake to remove excess clippings.
3. Replace attachment by gently snapping back into place.

Clean the Comb and Trimmer Heads With a Soft Brush (not included)

- With the head removed from the handle, gently brush out hair clippings from the cutting system and top of trimmer handle.

Cleaning Heads With Water

- With the head removed from the handle, rinse **ONLY** under warm running water. Do **NOT** use hot water as this might cause damage.

Note: Do not rinse the mini foil shaver head.

Oiling Blades & Cautions

- Rinsing attachments under water will require a re-lubrication of the cutting blades once per month. Using only light grade oils (e.g. sewing machine oil), simply place one or two drops lightly over cutters with fingertip. Wipe away all excess

Note: Do not lubricate the foil shaver with oil as it is permanently lubricated.

BATTERY DISPOSAL

Note: The battery is not intended to be removed or replaced under normal use.

- The PG6024AU contains a nickel metal hydride battery. Once the trimmer has reached the end of its life, to ensure proper disposal of the product, please take the appliance to a recycling centre, where the internal rechargeable battery should be removed by a professional and recycled separately.
- For more information about recycling of electrical and battery operated appliances, please contact your local council office or your household waste disposal service.

Caution: Do not put in the fire or mutilate your batteries when disposing as they may burst and release toxic materials. Do not short circuit as it may cause burns.

We suggest you use local waste management centres to recycle this product at end of life.

This product is not suitable for use in the bath or shower.

This product conforms to radio interference requirements.

Any product purchased and used commercially carries a limited 90 day warranty.

Spectrum Brands Australia Pty Ltd and Spectrum Brands New Zealand Limited

WARRANTY AGAINST DEFECTS

In this warranty:

Australian Consumer Law means the Australian consumer law set out in Schedule 2 to the Competition and Consumer Act 2010;

CGA means the New Zealand Consumer Guarantees Act 1993;

Goods means the product or equipment which was accompanied by this warranty and purchased in Australia or New Zealand, as the case may be;

Manufacturer, We or us means:

1. for Goods purchased in Australia, Spectrum Brands Australia Pty Ltd ACN, 007 070 573; or
2. for Goods purchased in New Zealand, Spectrum Brands New Zealand Limited, as the case may be, contact details as set out at the end of this warranty;

Supplier means the authorised distributor or retailer of the Goods that sold you the Goods in Australia or in New Zealand; and

You means you, the original end-user purchaser of the Goods.

1. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law, or the CGA. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
2. The benefits provided by this Warranty are in addition to all other rights and remedies in respect of the Goods which the consumer has under either the Australian Consumer Law or the CGA. The original purchaser of the Goods is provided with the following Warranty subject to the Warranty Conditions:
3. We warrant the Goods for all parts defective in workmanship or materials for the period of two (2) years from the date of purchase (**Warranty Period**). If the Goods prove defective within the Warranty Period by reason of improper workmanship or material, we may, at our own discretion, repair or replace the Goods without charge.

Warranty Conditions

4. The Goods must be used in accordance with the manufacturer's instructions. This Warranty does not apply should the defect in or failure of the Goods be attributable to misuse, abuse, accident or non-observance of manufacturer's instructions on the part of the user. As far as the law permits, the manufacturer does not accept liability for any direct or consequential loss, damage or other expense caused by or arising out of any failure to use the Goods in accordance with the manufacturer's instructions.
5. Consumable parts (such as shaver heads, cutters and foils) of the Goods are included under this Warranty only where there is a defect in workmanship or materials used.
6. The warranty granted under clause 3 is limited to repair or replacement only.
7. Any parts of the Goods replaced during repairs or any product replaced remain the property of the manufacturer. In the event of the Goods being replaced during the Warranty Period, the warranty on the replacement Goods will expire on the same date as for the Warranty Period on the original Goods which are replaced.

8. In order to claim under the warranty granted under clause 3 you must:
 - (a) Retain this warranty with your receipt/proof of purchase; and
 - (b) Return the Goods to us at the relevant address below or to the Supplier by prepaid freight within the Warranty Period accompanied with (i) the legible and unmodified original proof of purchase, which clearly indicates the name and address of the Supplier, the date and place of purchase, the product name or other product serial number and (ii) this warranty.
9. This warranty is immediately void if:
 - (a) Any serial number or appliance plate is removed or defaced;
 - (b) The Goods have been serviced or otherwise repaired by a person not authorised to do so by us or where non approved replaced parts are used.
10. The Goods are designed for domestic use only. A limited 90-day Warranty applies to any industrial or commercial use of the Goods. The Goods must be connected to the electrical voltage requirements as specified in the ratings label located on the Goods.
11. This warranty does not cover the cost of claiming under the warranty or transport of the Goods to and from the Supplier or us.
12. This warranty is only valid and enforceable in Australia against Spectrum Brands Australia Pty Ltd and in New Zealand against Spectrum Brands New Zealand Limited.

Contact us or the Supplier for further details.
