

Autumn Winter 2022

Russell Hobbs

A BRITISH ICON SINCE 1952

Autumn Winter 2022

**If tea is the backbone of Britain,
then Russell Hobbs is the kettle.**

We're iconically British.

That's as much down to the style of our products as it is our brand's history,
which goes way back. It's also something we're hugely proud of.

Since the day Bill Russell and Peter Hobbs founded Russell Hobbs in Surrey,
we've always done things in a recognisably British way.

Take Mr Russell's **"pour half a pint of boiling gravy on it"**
safety test for any new product, for example.

Creative. Resourceful. And just a little bit ingenious for a brand
that's about understanding real life's ups and downs.

Distinctions
The Distinctions Breakfast Collection is just itching to show the world what it's got. So just pop it on the worktop and let it do its thing. Its style really shines. The kettle's weight is brilliantly balanced. The toaster's LED dial counts you down to done. The espresso machine instantly switches between brew and steam. And then it impresses again, with all the tasty toast, tea and coffee it makes. The Distinctions Breakfast Collection is ready to impress everyone with how it looks, how it works and with everything it makes.

Satisfry
Can't make that. Shouldn't eat those. Don't have time for this. There's no more of this with a Russell Hobbs Air Fryer. When Satisfry uses little-to-no oil, YES you can eat whatever you fancy. With 7 quick and easy ways to cook, YES you can make loads of stuff, even dishes you've never tried before. And YES you can stick Satisfry into the dishwasher to clean up quickly and easily.

It is always of great interest to hear any comments you may have regarding our Home Appliance business. Enjoy the new ranges and thank you for the ongoing support.
